

Paul's Product Review

Slave Cylinder For The 5-speed Isuzu & V6 4-speed

by: Paul Vargyas

Same top quality construction as the Getrag V-6 5-speed slave shown above, but fits the 5-speed Isuzu ('85-'88 4 cylinder) and the Muncie 4-speed used in the '85-'86 V6 Fiero. (Note: Rodney does not currently offer a slave cylinder for the '84 4 cylinder, 4-speed Fiero, but will soon). This aluminum slave also sells for \$79.95 and like the V6 5-speed Getrag slave it also features the double seal piston!
